

January 11, 2010

To Our Valued Customers –

Due to the continued raw material increases Allied Tube & Conduit will increase prices on all transactions of sprinkler pipe effective January 12, 2010 by 6-8%.

Reasonable orders placed and accepted prior to that date for immediate shipment will be honored at current pricing and new price sheets will be distributed by your Regional Manager soon. Should you need pricing information prior to receiving your new sheet please contact your Regional Manager.

Looking forward in the first quarter raw material prices continue to be unknown and could result in further pipe increases. Allied will keep you informed on market dynamics and should you have any questions you can contact your Regional Manager or myself.

Thank you for your business and continued support, we look forward to servicing your sprinkler pipe needs in the future.

Sincerely,

Patrick Wallis  
National Sales Director  
Sprinkler Division
