Price Increase Announcement

Dear Valued Customer:

As a result of further increases in steel raw material cost, effective Wednesday February 10, 2010 Bull Moose Tube Company will increase prices on all Fire Sprinkler Pipe by 10%. With the uncertainty in the flat rolled market it remains necessary for Bull Moose Tube to continue with the policy of price in effect at time of shipment.

It should be noted that further flat rolled increases have already been announced, making it likely that more pipe increases are to follow.

We at Bull Moose value our relationship, and look forward to serving your needs in the future. If you have any questions, please contact your Sales Representative.

Sincerely,

David Weinrich
General Sales Manager – Sprinkler Pipe
