RE: Price increase notice

Dear valued customers,

It has been a pleasure to serve you in the past, and we look forward to doing business with you in the future.

As you may know, the US dollar has been falling substantially against the Japanese yen for the last three years. Since our products are manufactured in and imported from Japan, we have suffered a significant increase in our costs.

In the result, MCC USA INC is announcing the price increase with 7% for all products and parts. Price increase will be effective on 11/01/2011. Any orders placed between now and 11/01/2011 will be honored at the lower prices.

We, at MCC USA INC appreciate your support and business during this difficult time of global downturn in the economy and escalating costs.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Murata", is written over a faint, light-colored circular stamp or watermark.

Rick Murata
VP – Marketing Sales
