September 28, 2009

To: All Milwaukee Valve Distributors;

Due to increasing costs, a price increase on all products will take effect on November 2, 2009. Pricing will increase by 5% on all products except bronze and brass products which will increase by 7%. New list pricing can be determined by dividing our current list price by .95 or by .93 depending on material. All special net pricing will also be increased at this time by the same percentages.

Our new price sheets are currently being prepared and will be available on our website, www.milwaukeevalve.com by October 19, 2009. A "Flat List" in Excel format with UPC codes will also be posted at this time. If needed, electronic CD copies of the price sheets will be available from your local representative during the week of October 26th.

Any order placed prior to November 2, 2009 for immediate release will be filled at current pricing. Orders specifying release dates beyond November 1st will be filled at price in effect at time of shipment. Milwaukee Valve reserves the right to limit order quantities that exceed your historical requirements. If any changes are deemed necessary you will be notified prior to order placement.

All other terms and conditions of sale remain unchanged.

I thank you for your continued interest and support of our products and look forward to the continuation of a mutually beneficial relationship.

Very truly yours,
MILWAUKEE VALVE COMPANY

Thomas J. LaGuardia
Vice President – Marketing

INNOVATION IN EVERY VALVE
